

ABOUT US

BRIGHTBEE TECHNOLOGIES is a leading educational technology company offering comprehensive ERP and Learning Management Solutions designed specifically for schools, colleges, and universities.

With a strong presence in Northeast India for over five years, we combine technology, expertise, and on-ground support to make institutional management simple, efficient, and effective. Our goal is to empower educators and administrators to focus more on teaching and growth while we handle the entire spectrum of digital transformation and automation for their institutions.

BrightBee

TECHNOLOGIES

OUR **VISION**

To transform educational institutions into digitally empowered, efficiently managed, and globally visible learning communities through technology, innovation, and service

ALL-IN-ONE ERP & LMS PLATFORM

COMPLETE OFFICE AUTOMATION

CUSTOM-BRANDED APP FOR SCHOOLS & COLLEGES

24X7 TECHNICAL SUPPORT AND TRAINING

WEBSITE & DIGITAL BRANDING SUPPORT

LOCAL, TRAINED & DEDICATED ON-SITE STAFF

UNLIMITED CUSTOMIZATION BUILT FOR YOUR INSTITUTION

YOUR SCHOOL'S OWN BRANDED APP

Students, parents, teachers, and management can access institutional data, attendance, marks, fees, homework, and communication through a secure, fully branded school app with real-time synchronization with BrightBee ERP.

COMPLETE OFFICE AUTOMATION

Beyond software, BrightBee provides day-to-day ERP management, data entry, report management, staff & teacher training, technical assistance, and regular system updates for smooth institutional operations.

LOCAL & ON-SITE SUPPORT

Our trained local associates provide reliable technical and operational assistance, including on-site support, staff training, ERP assistance, and day-to-day management to keep your institution running smoothly.

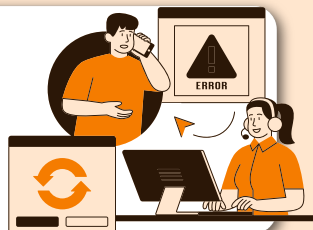

WEBSITE & DIGITAL BRANDING

We support your website design, implementation, administration, and digital branding, along with social media reels, stories, videos, digital brochures, admission campaigns, online reputation, and branding management.

UNLIMITED CUSTOMIZATION

Customize BrightBee around your institution with flexible modules, forms, reports, dashboards, workflows, permissions, branding, website, and app requirements. As your needs grow, your system can evolve with your institution. **This version** is designed to actually fit the template visually while retaining the important points from the original left page.
